

Pre-course Work & Setup

Intro to Web Design and Creation

What You Need to Know

<u>What to bring:</u>	Laptop - Mac, Windows, or Linux. Suggested: Mac 8GB minimum of RAM memory
<u>Pre-install Software:</u>	<p>We use a piece of software called Sublime Text, which will be used for coding. You can find the software at the following link: http://www.sublimetext.com/3</p> <p>The other piece of software we will be using in class is the Google Chrome browser. If you do not have Google Chrome, please download it here: https://www.google.com/chrome/browser/desktop/index.html</p> <p>Additional software options: - Filezilla</p> <p>If you run into errors, you can email the curriculum team for extra assistance. If possible, provide a screenshot of your error as an attachment to the email. You can reach us at curriculum@techtalentsouth.com.</p>
<u>Pre-course Work:</u>	<p>We suggest students review the following resources prior to coming to the first class session: Web Design and Creation (Blog) W3 Schools (tutorial) CSS Ref (Visual guide)</p> <p>In addition, please be prepared to discuss the following questions:</p> <ol style="list-style-type: none">1. What are your expectations for this class, what do you think you'll be learning?2. What are you trying to get out of this class for yourself?3. During these 8 weeks, what type of website do you want to build?4. How do you plan to use these skills after the class is over?
